Dear Valued Select Machinery Didde Parts Customers:

On behalf of all of us here at Select Machinery we would like to take this opportunity to thank you for all of your support over the past thirty years.

With the recent retirement of our long time parts Manager Pat McFarlane, movement to a new facility, and the decision to concentrate on more focused specialty engineering based aspects of our ongoing business, we have made the decision to exit the Didde Parts Business.

We have sold our Didde parts business to Graphic Systems Services (GSS) in Springboro Ohio. GSS are the owners of the Didde Press business, and currently the largest Didde Parts suppliers worldwide.

We have worked closely with GSS for a number of years, and have complete confidence in their ability to provide you the support and service you require moving forward.

We are forwarding the following Phone, Fax, and Email as follows;

Select Machinery Parts: 714-282-6490 to GSS Parts: 937-746-0708

Select Machinery Parts Fax: 714-282-6491 to GS Parts Fax: 937-746-0783

Select Machinery Parts Email: SMIParts@SelectMachinery.com to Parts@gsspress.com

Once again our thanks for your support and we are confident your ongoing Didde parts needs are in great hands with GSS.

Pete Coakley / Select Machinery Inc.
